Please note that blue bins are in place near the Civic Center and Academy Street Extension for you to bring your good used, clean clothing, and handbags, belts, shoes, sneakers, blankets, draperies, sheets, towels and clean stuffed animals. The bins have been put in place by the Adirondack Clothing Co. The Stage Committee receives revenue for these donated items which has proven to be a wonderful source of income for the stage. We appreciate your support to this fundraiser.

The stage committee thanks everyone for your continued support both with your donations and attending the events. A thank you also goes out to our entertainers that make these events possible. A special thank you to Buffy for providing us with the Stage photo.

The Samuel de Champlain Center Stage was built in 2009 and made possible with funds received from the New York State Department of Environmental Conservation, Environmental Protection Agency, as well as, many local businesses and organizations that so generously donated funds toward this project.
