

# Opportunities for commercial customers . . .

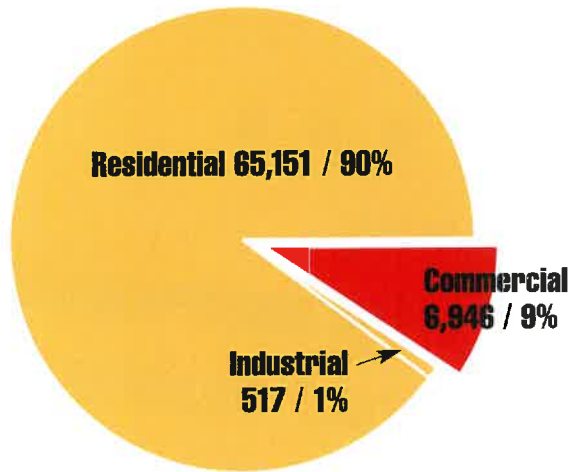

- To save energy
- To improve the environment
- To improve your business

*Presented by*  
**your municipal electric utility!**

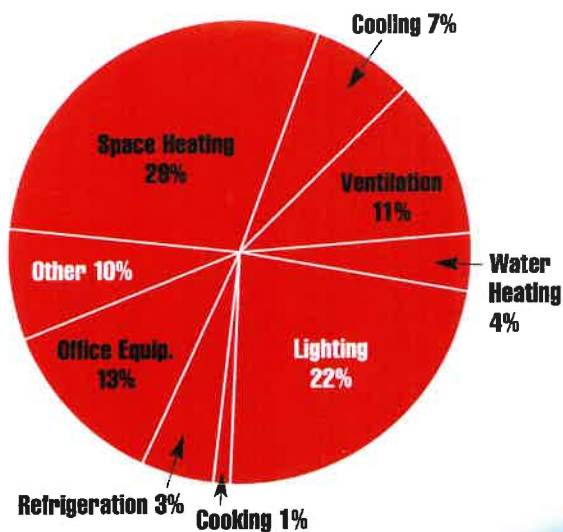

# Take advantage of these facility improvement opportunities . . .

## IEEP Customer Breakdown:

Making commercial buildings more energy efficient will help keep electric costs down for all municipal utility customers. Lighting and motors account for a significant portion of energy use in commercial buildings. Upgrading this equipment can help **reduce your electric costs** while improving the look and operation of your facility.

## Commercial Energy Usage:

**Good Energy Management is Good Business!**

**The Ultimate Goal: Environmental Improvement.**

# Commercial Energy Efficiency Program

## Qualifying Measures Worksheet

The IEEP has evaluated and qualified the energy saving measures listed on this page. For the measure to be eligible it must meet the minimum efficiency criteria listed. For projects with a potential rebate over \$2,500, pre-approval is required. Should you require pre-approval, or for more assistance, please contact Honeywell at (315) 463-7208. **Incomplete information will delay or disqualify your rebate.**

- **New Fixture or Retrofit. Lamps and ballasts must be new. Must be upgrading from less efficient measures.**
- **Fixtures must be new and ENERGY STAR® labeled or on the DesignLights Consortium qualified product list.**
- **Rebate requests must be submitted to the IEEP within six months of purchase.**

Approved Measure	Incentive Amount <i>Incentive amount will not exceed price paid for fixture</i>	Description of Equipment Installed	Qty.	Total Incentive Amount

# IEEP Commercial Energy Efficiency Program

The Independent Energy Efficiency Program (IEEP) is sponsoring this program to encourage municipal commercial electric customers to upgrade their equipment with energy efficient equipment.

To receive your rebate without delay, please fill out this form completely and mail it to the address below, along with:

- ▶ **A copy of the dated invoice**, clearly showing equipment type and quantity.
- ▶ **A copy of your business's recent village electric bill.**
- ▶ **Sufficient technical product documentation** showing that equipment meets specifications (indicated on attached worksheet).

**Mail to:** IEEP, P.O. Box 2489, Syracuse, New York 13220-2489  
(Please *do not* send this form with your utility bill payment)

## ▶ General Terms & Conditions:

**Rebate requests must be submitted to the IEEP within six months of purchase.**

The IEEP may choose to inspect locations to verify satisfactory completion of the projects, and to measure and verify energy savings. Such inspections will be made at a time convenient to the applicant, with advanced notice to the applicant. Misrepresentation of installation location or measure eligibility may result in forfeiture of the incentive award.

Customers are responsible for any such tax implications associated with reimbursement. The IEEP is not responsible for any tax consequences associated with any payments. The IEEP assumes no responsibility for performance of equipment and equipment warranty. The equipment must be purchased new and installed within the member utility's franchise service area within six months of receipt purchase date. The customer relieves the IEEP of any and all liability associated with this project. The IEEP reserves the right in its sole discretion to terminate or modify this program at any time.

I, the undersigned, agree to the terms and conditions of this document. I understand that I am fully liable for any tax consequence that may arise from this reimbursement.
