It is with great pleasure that the Center Stage Committee welcomes you to the 2021 entertainment season after a very trying time in our lives. We have so much to be thankful for and so much to look forward to. We should remember and show appreciation to the front workers that tended to the ill, provided services and helped keep our lives as normal as possible.

All events are planned for Thursday evenings and will begin at 6:30 p.m. with the exception of the play which will begin at 6:00 p.m.

The Stage Committee proudly presents these events free of charge and open to the public, again with the exception of the play. There will be no 50/50 drawings this season.

No alcohol, pets or smoking is permitted on the grounds. Please turn off all cell phones. Please be considerate of our presenters by refraining from talking during the performance.

In the event of inclement weather, performances will be held on the same evening inside the Rouses Point Civic Center.

Please bring a lawn chair or blanket for your comfort to enjoy the performance.

Tammy's Lunch Box from West Chazy will once again provide refreshments. You will get to enjoy new items on the menu.

**NOTE:** Please support our local Fire Department – more information will be forthcoming concerning tickets and donations. Thank you for your generosity.

### \*\*\*\* REMEMBRANCE – SPECIAL PRESENTATION \*\*\*\*

Sept 2 -Thursday – 6:00 p.m. a play entitled "The Guys"

-The Adirondack Regional Theatre to honor First Responders on the 20<sup>th</sup> Anniversary of the September 11th attacks.

-The Theatre is proud to present Anne Nelson's play THE GUYS.

-The Rouses Point Fire Department will be the beneficiary of the funds from the performance presented by ART in association with Friends of The Stage. THE GUYS is based on a true story. First performed in a hit off-off-Broadway production, and later as a film. THE GUYS is a timeless drama about the surprising truths people can discover in ordinary lives, and the connections we make with others and ourselves in times of tragedy. Paralyzed by grief and unable to put his thoughts into words, Nick, a fire captain, seeks out the help of a writer to compose eulogies for the colleagues and friends lost in the catastrophic events of September 11, 2001. Joan, an editor by trade, draws out powerful profiles from Nick about "the --(continued on the back)

guys", revealing vivid personalities and the substance and meaning that lie beneath the surface of seemingly unremarkable people. As the individual talents and enthusiasms of the people within the small firehouse community are realized, we come to understand the uniqueness and value of what each person had to contribute. And Nick and Joan, two people who under normal circumstances never would have met, jump the well-defined tracks of their own lives, and to learn about themselves, about life, and about the healing power of human connection, through talking about "the guys".
